

1. Find a chocolate recipe and use your culinary skills to make it. It could be biscuits, buns, a desert or something else that is yummy and chocolaty.

2. Draw a diagram to show the process of harvesting cocoa beans.

3. Use the internet to find out 5 interesting facts about chocolate. Present these in an interesting way.

4. Design a new wrapper for your favourite chocolate bar. Think about the font or the colours you will use.

## Year 2 Home Learning Menu - Autumn 2 How do you eat yours?

5. Design a poster to advertise your favourite chocolate bar. Think about the words you will use to describe it. Can you include some of the adjectives we have been learning about?

Also remember to practise your reading, weekly spellings and begin to learn your 2, 5 and 10 multiplication tables

8. Free choice. Choose your own activity linked to chocolate.

6. Draw a chocolate machine that could be found inside Willy Wonka's factory. Label it to show what each part does.

7. Can you locate countries on a map where cocoa beans are grown? Find out how they make it to England.
