

How do you eat yours?

Get ready this term to explore the wonderful world of chocolate.

This term we will be ...

Entering the gates of Willy Wonka's magical world of pure imagination as we read and explore Roald Dahl's Charlie and the Chocolate factory in our English lessons.

Enterprising chocolatiers, evaluating different type's chocolates before designing and making our own delicious chocolate bars.

Geographers, tracking the journey of the cacao bean from its origins at the tropical regions around the Equator to its destination in the chocolate factory.

Musicians creating our own jingles to help advertise and sell our chocolate bars.

Our experience for this term will be a hands on chocolate workshop with a master chocolatier on Tuesday 2nd November where we will find out some exciting facts about the history of chocolate as well as making our own chocolate creations

In our reflected lessons we will begin to think about developing our growth mindset and in PE we will be continuing to working with Mr Ennells. PE will continue to be on a Tuesday and Thursday and children should arrive in their outdoor PE kit, and suitable shoes with Earring and jewellery removed at home. Long hair tied back. Please also ensure that your child has a coat with them so that we can go outside as often as possible as the weather changes.
