Statement of intent

Ordsall Primary School appreciates that pupils have the right to expect a reasonable level of personal privacy and will do its utmost to ensure that, as far as possible, this right is respected. We aim to ensure that members of staff have the confidence to search pupils, and to confiscate items as necessary, and that this is enacted in a calm, safe and supportive manner.

Nevertheless, the school also takes seriously its obligation under health and safety legislation for searching and confiscation to be managed in a way which does not expose pupils or staff members to unnecessary risks.

This policy sets out the framework in which the school will meet this obligation by outlining the circumstances in which pupils can be searched. The policy also outlines the legal powers to seize and confiscate items during a search.

1. Legal framework

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- Health and Safety at Work etc. Act 1974
- Education Act 1996
- Education and Inspections Act 2006
- The Schools (Specification and Disposal of Articles) Regulations 2012
- European Convention on Human Rights
- DfE (2022) 'Searching, Screening and Confiscation'
- DfE (2013) 'Use of reasonable force'
- DfE (2022) 'Behaviour in Schools'
- DfE (2026) 'Keeping children safe in education (KCSIE)'

This policy operates in conjunction with the following school policies:

- Behaviour Policy
- Physical Intervention Policy
- Complaints Procedures Policy
- Child Protection Policy

2. Roles and responsibilities

The governing body will be responsible for:

- Ensuring this policy is implemented within the school and its effectiveness is monitored.

The headteacher will be responsible for:

- Authorising members of staff to search pupils for prohibited items, according to its policies.
- Ensuring the procedures in this policy are implemented consistently across the school.
- Overseeing the school's practice of searching to ensure that a culture of safe, proportionate and appropriate searching is established and maintained.
- Ensuring the Designated Safeguarding Lead (DSL) is called on for support during, or after, searching, as appropriate.
- Ensuring a sufficient number of staff are appropriately trained on how to lawfully and safely search a pupil, including managing pupils who are not co-operating with the search.
- Ensuring all staff understand their rights and the rights of any pupils being searched.
- Ensuring the DSL (or their deputy) is informed of any instances where a staff member had reasonable grounds to suspect that a pupil was in possession of a prohibited item.
- Advising staff on what to do if they believe a search is necessary but is not required urgently, e.g. keeping the pupil supervised and away from others.
- Determining whether searches for items prohibited by the school's policies should be recorded.
- Ensuring that prohibited items are outlined in the relevant policies and are communicated with staff, parents/carers and pupils.

- Reviewing this policy on an annual basis.

The DSL will be responsible for:

- Managing any safeguarding concerns that are raised by staff members who have conducted a search and by pupils subject to a search.
- Making referrals, in line with the school's safeguarding procedures, where there is evidence from a search that a pupil is at risk of harm.
- Ensuring procedures are in place, and are being followed, for when a safeguarding incident arises.
- Ensuring procedures are in place for staff to alert them of instances when they had reasonable grounds to suspect a pupil was in possession of prohibited items and when a prohibited item has been found.
- Considering the circumstances of any pupils who are at risk of harm as a result of the search to assess whether there is a wider safeguarding concern.
- Advising staff on what to do if they believe a search is necessary but is not required urgently, e.g. keeping the pupil supervised and away from others.
- Advising staff on any aftercare required by a pupil as a result of a search.

Staff members will be responsible for:

- Acting in line with this policy when searching a pupil or confiscating items.
- Ensuring that the culture of safe, proportionate and appropriate searching is maintained.
- Adhering to the relevant guidance and policies, and familiarising themselves with which items are prohibited by the school.
- Ensuring they implement sanctions fairly, proportionately, and in line with the Behaviour Policy.
- Raising safeguarding concerns with the DSL (or their deputy) as soon as reasonably practicable.
- Maintaining their duty of care for any pupils subject to a search, including a strip search, and protecting their welfare at all times.

3. Authorised members of staff

Only the headteacher and authorised members of staff have the authority to search pupils without their consent. Staff members authorised by the headteacher with these powers are:

- Rebecca Frost
- Kerry Moss
- Elaine Shaw
- Steph Smith
- Bradley Fenton
- Clare Joyce
- Emma Pedersen
- Simon Miles

Staff members will be permitted to refuse to undertake a search.

The headteacher will make clear which items each authorised staff member is permitted to search for, e.g. a member of staff could be authorised to search for stolen property, but not for weapons.

When deciding which members of staff will be authorised to undertake searches under these powers, the headteacher will consider whether each member of staff requires any additional training to enable them to carry out their responsibilities safely and lawfully.

4. List of prohibited items

Prohibited items

Prohibited items include:

- Knives or weapons
- Alcohol
- Illegal drugs
- Stolen items
- Vapes and tobacco and cigarette papers
- Fireworks
- Pornographic images
- Any item that a member of staff reasonably suspects has been, or is likely to be, used to commit an offence or to cause personal injury to, or damage the property of, any person (including themselves)
- Legal highs
- Aerosol cans
- Offensive sprays
- Imitation weapons
- Laser pens
- Paint thinners
- Non-prescribed hypodermic needles
- Any item prohibited under the Behaviour Policy

5. Searching with consent

Any member of staff will have the authority to search pupils for any item, if the pupil consents. Formal written consent will not be required for this sort of search and informed verbal consent will suffice. All staff members will ensure that any pupil subject to a search with consent understands the reason for the search and how it will be conducted.

Searches with consent will be undertaken on the basis that a pupil is, or is suspected to be, in possession of a prohibited item as identified in this policy.

Searches with consent will be implemented consistently, proportionately, fairly, and in line with this policy at all times.

The school will ensure that prohibited items are made clear in communications with parents/carers.

If a member of staff suspects a pupil is in possession of a prohibited item, the pupil will be instructed to turn out their pockets, tray and/or bag.

When exercising their authority to search with consent, staff members will assess and consider the age and needs of the pupil being searched. Where required, reasonable adjustments will be put in place where a pupil has additional needs or a disability.

6. Searching without consent

The headteacher and authorised staff have the statutory power to search pupils or their possessions, without consent, where they have reasonable grounds for suspecting that the pupil may be in possession of a prohibited item (see [section 5](#)). The staff member will decide what constitutes reasonable grounds for suspicion on a case-by-case basis.

A prohibited item will only be searched for without consent if it is identified in this policy and/or the Behaviour Policy that it is an item that can be searched for.

Staff members who are not authorised by the headteacher to implement searches without consent will not do so. Where a search is required, and the pupil does not give their consent to be searched, unauthorised staff members will contact an authorised member of staff immediately.

Authorised members of staff will assess whether a search without consent is needed urgently and consider the risk to staff and other pupils if a search is not conducted.

Before a search without consent is conducted, the authorised member of staff will explain to the pupil why they are being searched and how the search will take place. They will also provide the pupil an opportunity to ask any questions.

Where possible, the authorised member of staff will seek the co-operation of the pupil prior to the commencement of the search without consent. The school will consider appropriate behaviour consequences in line with the Behaviour Policy, taking account of the pupil's age, understanding, SEND and any safeguarding concerns.

Authorised staff may also search a pupil's possessions, including bags, trays, books, notebooks or other personal belongings, where there are reasonable grounds to suspect that the contents may contain items, materials or information that are not in line with the school's Behaviour Policy, safeguarding responsibilities or Code of Conduct.

This may include, but is not limited to:

- Written material that is abusive, threatening, discriminatory, sexually inappropriate or likely to cause distress to others;
- Material relating to bullying, harassment or intimidation;
- Material that raises safeguarding concerns, including references to self-harm, harm to others or inappropriate conduct;
- Items or information that may significantly disrupt the good order, discipline or safe running of the school.

Any such searches will be conducted in a lawful, reasonable and proportionate manner, taking into account the age, needs and wellbeing of the pupil, and in line with the school's safeguarding responsibilities and the DfE guidance 'Searching, Screening and Confiscation'.

Where appropriate, searches of written material will only be examined where there are reasonable grounds to believe it contains information relevant to safeguarding, behaviour or the prevention of harm.

7. Privacy

Pupils will only be searched by staff members who are the same sex as them. All searches will be witnessed by another member of staff who will be, where possible, the same sex as the pupil being searched.

Where a staff member is not the same sex as the pupil subject to a search, they will summon a staff member of the same sex as the pupil, where practicable. The summoned staff member will be the one to conduct the search.

A search will only be conducted by a person who is not the same sex as the pupil being searched, or without a witness, where:

- The staff member reasonably believes that there is a risk of serious harm if the search is not conducted immediately and;
- It is not reasonably practicable to summon another member of staff.

Under the exceptional circumstances outlined above, the member of staff conducting the search will consider that a pupil's expectation of privacy increases as they get older.

When a member of staff conducts a search without a witness, they will report the search immediately to another member of staff and ensure there is a record kept of the search.

The school may consider the use of CCTV footage in order to decide whether to conduct the search for an item. Any CCTV usage will be conducted in line with the school's Surveillance and CCTV Policy.

Authorised staff members will ensure that an appropriate location on the school premises is used for searching. Where possible, this location will be away from other pupils. Searches will only be undertaken off school premises where the authorised staff member has lawful control of the pupil, e.g. on a school trip.

8. During the search

Definitions:

- **"Outer clothing"** – clothing that is not worn next to the skin or immediately over a garment that is being worn as underwear, e.g. hats, shoes, gloves.
- **"Possessions"** – any goods over which the pupil has or appears to have control, including desks, lockers and bags.

A pupil's possessions, their tray or bag will only be searched in the presence of the pupil and another member of staff, except where there is a risk that serious harm will be caused if the search is not conducted immediately.

Staff will always remain aware that the power to search without consent only enables a personal search involving the removal of outer clothing and the searching of pockets, desks, lockers, etc. Staff will never conduct an intimate search, and remain aware that only a person with more extensive powers, i.e. a police officer, can conduct an intimate search.

If a pupil does not consent to a search or withdraws their consent, then they may be subject to a search without consent, but only for prohibited items.

9. Physical intervention

Members of staff will only be permitted to use physical intervention when conducting a search for prohibited items.

Physical intervention will be used on a case-by-case basis only.

Searches that require physical intervention will be conducted in line with the Physical Intervention Policy.

10. Strip searches

Staff at Ordsall Primary School will never carry out a strip search.

If police believe that a strip search is necessary, this will only be carried out by police officers in accordance with DfE guidance and statutory requirements.

The school will:

- ensure the child's welfare remains paramount;
- involve the DSL immediately;
- support the child before, during and after any police action;
- inform parents unless doing so would place the child at greater risk;
- record the incident on CPOMS and follow safeguarding procedures.

11. Recording a search

All searches for prohibited items and those conducted by police officers will be recorded via CPOMS.

Records of searches for prohibited items, both by staff and by the police, will include:

- The date, time and location of the search.
- The name of the pupil subject to the search.
- The name of the individual who conducted the search.
- The name of any other adults or pupils present during the search.
- The item being searched for.
- The reason for the search.

- Whether the item was found.
- Any other items found.
- What follow-up actions were taken as a consequence of the search.

12. Informing parents/carers

The pupil's parents/carers will be informed when a search of their child is conducted in order to recover prohibited items.

Where a strip search is requested, the school will inform the pupil's parents/carers of the search before it is conducted, unless there is an immediate risk of harm. Where there is an immediate risk of harm, the pupil's parents/carers will be informed about the strip search as soon as possible.

Complaints about searching or confiscation will be managed via the school's complaints procedure, in line with the Complaints Procedures Policy.

13. Electronic devices

If an electronic device that is prohibited by the school rules or that is reasonably suspected to have been, or is likely to be, used to commit an offence or cause personal injury or damage to property is found during a search, the staff member is permitted to examine any data or files on the device where there is good reason to do so.

Parental consent is not required in order to search a pupil's electronic device if it has been seized in a search without consent.

Staff will consider whether an appropriate safeguarding response is required if they reasonably believe that any images, data or files found on a pupil's electronic device is likely to put others at risk. The staff member will involve the DSL immediately where this is the case.

Staff members have the authority to delete data or files if they believe there is a good reason to do so, unless the device is suspected to be relevant to an offence, or contains a pornographic image of a child or an extreme pornographic image. In these cases, files and data will not be deleted and the device will be given to the police.

It will be considered a good reason if the staff member reasonably suspects that the data or files on the device have been, or could be, used to cause harm, disrupt teaching or break the school rules.

Electronic devices may contain AI-generated material, manipulated images or conversations which raise safeguarding concerns.

Any electronic device that has been seized which is prohibited by the school rules, and there are reasonable grounds to suspect that it contains evidence relating to an offence, will be given to the police as soon as possible.

If a member of staff does not find any material they suspect is evidence in relation to an offence, and decides to not give the device to the police, they are permitted to decide whether it is appropriate to delete any files or data from the device or retain the device as evidence of a breach of school rules.

Indecent images of pupils

Staff will be aware that creating, possessing, and distributing indecent imagery of children is a criminal offence, regardless of whether the imagery is created, possessed, and distributed by the individual depicted; however, staff will ensure that pupils are not unnecessarily criminalised.

Where a member of staff becomes aware that an electronic device they are searching involves indecent images of a child, they will refer this to the DSL as soon as possible and will:

- Refrain from viewing, copying, printing, sharing, storing or saving the imagery.
- Confiscate the device and ensure it is securely stored.
- Inform the DSL immediately if they accidentally view an indecent image and seek support.
- Explain to the pupil being searched that the incident will need to be reported.
- Not blame or shame anyone involved, and reassure the pupil being searched that they can receive support from the DSL.
- Report the incident to the DSL.

The DSL will attempt to understand what the image contains without viewing it and the context surrounding its creation and distribution. They will categorise the incident into one of two categories:

- **“Aggravated”** – incidents which involve additional or abusive elements beyond the creation and distribution of indecent images of children, including where there is an adult involved, where there is an intent to harm the child depicted, or where the images are used recklessly.
- **“Experimental”** – incidents involving the creation and distribution of indecent images of children where there is no adult involvement or apparent intent to cause harm or embarrassment to the child.

For there to be a good and clear reason to view indecent imagery, the DSL will need to be satisfied that this action is:

- The only way to make a decision about whether to involve other agencies because it is not possible to establish the facts, e.g. the contents of the imagery, from the pupil(s) involved.
- Necessary to report it to a website, app or suitable reporting agency to have the image taken down, or to support the pupil or their parent/carers in making a report.
- Unavoidable because the pupil has presented the image directly to a staff member or the image has been found on a school device or your school’s network.

Where it is necessary to view the imagery, e.g. if this is the only way to make a decision about whether to inform other agencies, the DSL will:

- Never copy, print, share, store or save them as this is illegal – if this has already happened, they will contact the local police for advice and to explain the circumstances.
- Discuss the decision with the headteacher or a member of the SLT.
- Make sure viewing is undertaken by them (or a deputy) or another member of the safeguarding team with delegated authority from the headteacher or a member of the SLT.
- Make sure viewing takes place with another member of staff present in the room, ideally the headteacher or a member of the SLT. This staff member does not need to view the images.

- Wherever possible, make sure viewing takes place on the school premises, ideally in the headteacher's office or a member of the SLT's office.
- Make sure, wherever possible, that they are viewed by a staff member of the same sex as the pupil in the images.
- Record how and why the decision was made to view the imagery in the safeguarding or child protection records, including who was present, why the imagery was viewed and any subsequent actions.

Where the incident is categorised as 'aggravated', the situation will be managed in line with the school's Child Protection Policy, and the police will be involved.

Where the incident is categorised as 'experimental', any pupils involved are supported to understand the implications of sharing indecent imagery and to move forward from the incident.

Where there is reason to believe that indecent imagery being circulated will cause harm to a pupil, the DSL escalates the incident to the appropriate children's social care services. Where indecent imagery of a pupil has been shared publicly, the DSL will work with the pupil to report the imagery to websites on which it has been shared and will reassure them of the support available.

14. Staff conduct

All staff members are expected to act in accordance with this policy.

Staff members who conduct searches without consent but are not authorised to do so will be managed in line with the Local Authority's disciplinary procedure. Under no circumstances will a member of staff conduct the strip search of a pupil.

Staff members will consider the age, needs and wellbeing of pupils at all times during searching procedures.

15. Monitoring and review

This policy will be reviewed on an annual basis by the headteacher and chair of governors.
